With over 23 years of experience in the IT industry, Ispecialize in designing intuitive and visually compelling digital user interfaces. As a senior UI designer and developer, I adopt a user-centered approach that bridges user needs with business objectives, creating meaningful imact across digital platforms. My portfolio spans web and mobile applications in diverse domains such as Lifestyle, Healthcare, Banking, IT Services, and eCommerce.

I bring expertise in crafting visually appealing and functional designs using industry-standard tools including Figma, Adobe XD, Sketch, and Photoshop. My hands-on knowledge of UI/UX principles and techniques, combined with seamless collaboration across cross-functional teams, enables me to deliver pixel-perfect, cross-browser compatible solutions for all devices. Additionally, I am proficient in frontend development tools, CI/CD processes, and deeply passionate about performance optimization, SEO best practices, and mobile-first design.

With a keen eye for detail, strong command of accessibility standards, and a collaborative mindset, I thrive in dynamic environments to deliver user-driven solutions that align with business goals. I am now seeking a challenging role where I can contribute significantly and create lasting value for the organization.
