LinkedIn: <https://www.linkedin.com/in/peerashaik>

With 22+ years in the IT industry, I specialize in UI/UX Design & Development for web applications across diverse domains including Healthcare, Lifestyle, Hospitality, Banking, and IT sectors. I am proficient in designing and developing web interfaces on major CMS platforms such as **WordPress, Magento2, and Shopify, and WebFlow** delivering seamless, user-centered interfaces optimized for both desktop and mobile.

I am proficient in Photoshop, Figma, Adobe XD, and modern design tools, and bring 12 years of leadership experience guiding cross functional teams. Hands-on experience over User Research, User Research, User Accessibility, User Journey Map, Wireframing, Prototyping, Usability Testing, User Feedback, and seamless collaboration with cross-functional teams. Proficient in HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive design, JavaScript, jQuery, AEM, Webflow, Shopify, WordPress, and Magento2. I excel at creating pixel perfect, user centric interfaces that are cross-browser compatible and optimized for Core Web Vitals, driving performance improvements, customer delight, and measurable analytics growth. My expertise extends to end-to-end deployment operations including hosting, domains, GitHub, and CI/CD integrations. I have a proven track record of building SEO-friendly, high-performance websites that fuel business growth and enhance customer engagement.

I am seeking a challenging role where my technical expertise, leadership, and design skills can deliver significant impact and create lasting value for the organization.

— Top Skills

User Research: Ability to understand users' pain points and behaviors through research methods like qualitative and quantitative data collection.

Usability Testing: Ability to constantly test and refine work through usability tests with real users, analyzing user feedback and behavior, and making data-driven design decisions.

Prototyping and Wireframing: Expertise to create interactive, testable design models and clear, functional layout blueprints Information architecture.

Visual communication: Ability to create branding style guides for impactful design solutions using color theory, typography, layout principles, and targeting consistency across the application interface.

Web Development Tools: Html5, CSS3 (Less, Sass, Tailwind), Bootstrap, JavaScript, jQuery, ReactJS-basic, WordPress, PHP, MySQL, Magento2 Frontend, Shopify Frontend, Figma, Adobe XD, Semantic UI, W3c Standards, Performance Optimization, Core Web Vitals, GitHub, Jira, Confluence, Zeplin, Agile,

Scrum.

Visual/Web Design, UI Design: Passionate about creating intuitive, creative and user-friendly interfaces that drive conversions. Expertise to create visually appealing and effective designs using design tools like Figma, Adobe XD, Sketch, Photoshop, and Illustrator.

Latest Trends: CSS Flex/Grid, modern UI/UX practices, SEO Integrations.

Design Systems: Expertise to maintain consistency in design systems, UI components, and user journeys across platforms.

User-Centered Thinking: Deep understanding of human-centered design principles, user research methodologies, and working with design systems for a consistency across digital products.

Cross-Functional Collaboration: Works seamlessly with product managers, engineers, marketers, and stakeholders to make such impact on brand improvements following the design strategies.

Hosting and Domain Experience: Experienced in Hosting and domain knowledge to handle the continuous deployment of progressed work.

CI/CD: Experienced to implement the Continuous integration and Continuous Deployment process towards a smooth development and a cleaner code visibility.

— Work Experience

Freelance User Interface Designer and Developer

Freelance Designer— Hyderabad, March 2025 – April 2026

Redesigned and optimized WordPress themes for Levant Central, improving Core Web Vitals scores by 35% and increasing organic traffic by 20%. My responsibilities include customizing and developing WordPress themes to integrate their services, with a strong focus on SEO optimization and page performance, and alignment with the company's business goals.

Magento2 Theme UI Designer and Developer, Project Manager

ITC Infotech – Bangalore, Dec 2022 – June 2024

Worked for the client Schneider Electric and shop website as a ecommerce frontend developer and partially as an Associate Project Manager to incorporate the seamless project time management and team capabilities. Led the design and development of a Magento2 theme for a global multilingual B2B and B2C e-commerce marketplace, featuring multi-store websites tailored to regional product offerings and sales strategies.

Magento2 Theme UI Designer and Developer

PushON: Wings Group of Companies – Bangalore, August 2021 – Nov 2022

Contributed to the design and development of the Magento2 applications at PushOn for eCommerce projects, including maintenance of custom themes, feature customization, and implementation of

enhancements across the entire user journey from catalog and product pages to checkout and Content Management.

Lead UI designer, Magento2 Theme UI Designer and Developer

Nityo Infotech Services – Bangalore, April 2019 – July 2021

Worked as a Lead UI/UX Designer and Magento2 Frontend Developer for Nityo clients. Led the UI design team for SingPost, a leading eCommerce company in Singapore, while also contributing individually to frontend theme development and customization across Magento2, WordPress, and Shopify platforms.

Senior UI Engineer

Sigma Info Solutions – Bangalore, March 2016 - March 2019

Worked for Sigma clients as a creative lead for many projects, driving design and implementation of web-based applications in diverse domains including banking, healthcare, technology, IT services, lifestyle, e-commerce, and Content Management platforms. Utilized a wide range of front-end technologies such as .NET, open-source frameworks, Cloud Magento eCommerce, and WordPress to craft user-centered digital experiences. Collaborated closely with Angular, React, and Polymer development teams to support UI theme development and customization.

Senior Web Designer and Web Developer

Hardwin Software Solutions Pvt Ltd – Bangalore, November 2014 - February 2016

Domain: Hadrwin Software Solutions

Worked as a Senior UI/UX Designer across multiple projects, contributing to user and competitive research, wireframing, visual design, branding, and product application design. Collaborated closely with Magento and .NET developers to integrate UI design patterns into various eCommerce and WordPress websites.

Web Designer and Web Developer

Ezone Solutions – Kolkata, November 2004 - October 2014

Domain: Ezone Solutions

Designed web interfaces for small to medium-sized businesses worldwide, focusing on user-centric solutions. Developed workflows and user interfaces through iterative design processes, collaborating with cross-functional teams to align with business goals. Partnered with PHP and .NET developers to ensure seamless integration and deliver intuitive, user-friendly experiences.

Graphic Designer

Vyoma Technologies – Hyderabad, December 2003 - October 2004

Domain: [N/A](#)

Designed a wide range of brand and marketing assets, including company logos, business cards, skyscraper ads, web banners, brochures, and mock-up web templates.

— Key Achievements

Levant Central: Redesigned WordPress themes, improving Core Web Vitals by 35% and boosting organic traffic by 20%.
